

Kolloquium über Reine Mathematik

Einladung zu einem Vortrag

Dienstag, 18. Dezember 2018

17 Uhr s.t., Geom H4

Jun.-Prof. Dr. Madeleine Jotz Lean
(Georg-August-Universität Göttingen)

On ideals in Lie algebroids

Abstract:

I will introduce and motivate the notion of Lie algebroid, and explain different definitions of an ideal in a Lie algebroid. I will explain which of those notions I consider to be the most useful one, and I will quickly discuss quotients by those ideals. Then I will sketch obstructions to the existence of such an ideal structure on a given subalgebroid.

Vor dem Vortrag (ab 16.30 Uhr) stehen im Raum 327 Kaffee und Tee bereit.
