The candidate as well as the supervisor confirm that the basic conditions necessary for the proper and timely processing are given and accessible (literature, equipment, support etc.). Registrations are made with knowledge of the current restrictions and regulations of the University of Hamburg in response to the Corona Pandemic and therefore do not automatically lead to an extension of the processing time at the time of registration. If unforeseeable problems arise in the further processing of the thesis, a request for an extension of the processing time must be submitted to the chair of the examinations board (Section 15 (5) of the Examination Regulations of the Faculty of Mathematics, Informatics and Natural Sciences for Master of Science Degree Programs (MSc).

The supervisor should send this form sheet per e-mail to:

studienbuero@math.uni-hamburg.de

Otherwise please send per mail to:
